Open or close the LCD panel.
- (5) **◀▶/▶▶ button**
Pressing this button when the AV source is selected skips a track, file or chapter. Press and hold to fast forward/fast reverse a track, file or chapter.
- (6) **EJECT button**
- (7) **Disc loading slot**
- (8) **VOLUME knob**
Turn to adjust the AV (Audio and Video) volume or press to change the AV source. Press and hold the VOLUME knob to switch the source to mute.

Search function overview

This navigation system has multiple methods for entering your destination.

- (1) Search by address
- (2) Shortcut key for home address
- (3) Shortcut key for favourite destination
- (4) Search for stores, restaurants, and other businesses in the points of interest database
- (5) Search for stores, restaurants, and other businesses in your vicinity

Search result list for vicinity search

- (6) Select a destination from your address book
- (7) Select a previously routed destination
- (8) Select a route to a motorway entrance or exit
- (9) Search for a destination by postal code number

Searching for your destination by address

- 1 Display the [NAVI MENU].
- 2 Touch the **Destination** tab and then touch **Address Search**.
- 3 Input the street name.

Country key
Touching the country key displays the country selector screen.

- 5 Input the house number and then touch **OK**.

When route calculation is completed, navigation guidance begins.

This navigation system gives you route guidance both visually and by voice.

Setting the voice guidance volume

Touch the **Settings** tab in [NAVI MENU] and then touch **Volume**.

Basic operation on the map screen

Switching the view mode

Press the **MAP** button while displaying the map screen. This navigation system allows you to select different view modes depending on your preference.

Scrolling the map

Touch and hold where you would like to scroll to on the map screen. After a few seconds, the scrolling will begin.

Traffic information on the map

Traffic conditions can be overlaid on the map when there is traffic information transmitted by FM radio service through the Radio Data System (RDS-TMC).

(1) Traffic event

- Stationary traffic
- Slow and queuing traffic
- Closed/blocked roads
- Other event (e.g. accident)

Selecting the AV source

Touch the AV source icon to select the desired AV source.

(1) AV source icon

Sources that can be used from the beginning:

- DISC** [CD, ROM, DVD-V, DivX]
- RADIO** [Tuner]

Sources that need connection to an optional pioneer equipment (sold separately) or external equipment:

- iPod** [iPod]
- USB** [USB-Audio]
- BT-TEL** [Bluetooth-Telephone]
- BT-AUDIO** [Bluetooth-Audio]
- M-CD** [Multi-CD player]
- M-DVD** [Multi-DVD player]
